

# 1. ETHANOL-FIRE - WALL INSTALLATION

## FLAT WOOD / GLASS / STEEL - WALL INSTALLATION

**Variations:** "WOOD" (nut) / other wood decors

"GLASS" (white, red and black),  
"STEEL" (mica)

**Description:** Noble, functional and perfect in form - the "FLAT" delights and is a guarantee for many hours of enjoyment!

**Including:** Fire furniture, Evaporation burner, Ignition hook, 5 l Bio-Fuel, Filling container, Safety shaft, Aroma compartment, Aroma set (3 x 50 ml)

**Dimensions:** approx. H 60 cm, W 100 cm, D 16 cm

**Weight:** approx. 30 kg

**Accessories:** Glass back wall (FLTX-GR), Contact protection glass (FLTX-SG), Superglow (SUPGL), Don't forget fuel!

**Note:** Since the back of the glass is painted, "FLAT GLASS WHITE" may cause a greenish glow on the visible side.
